**Program Consultant
Wiley Blevins**

Wiley Blevins, Ed.M., is an early reading specialist. He has written and edited many phonics and reading materials and is the author of the best-selling *Meaningful Phonics and Word Study*. Wiley wrote the International Literacy Association's brief on phonics, "Meeting the Challenges of Early Literacy Phonics Instruction."

Raising the standard for quality literacy in a world full of basic decodable readers, *Dynamite Decodables'* uniquely elevated approach to decodable practice builds a love of good stories in addition to phonics and fluency.

- Builds student confidence and mastery by helping "crack the code" through laugh-out-loud and knowledge-building decodable readers.
- Adheres to the tenets of Structured Literacy and Science of Reading research.
- Reinforces the 5 pillars of early literacy with phonological awareness: sound-spelling relationships, vocabulary, comprehension, fluency, and connected reading and writing.
- Encourages family involvement with take-home books and home-school connections.
- Aligns with the systematic, explicit, and spiraled review of *Benchmark Advance* and *Benchmark Phonics* scope and sequence for easy classroom integration.
